

Video Guidance

YOUR STRATEGIC VISUAL COMMUNICATIONS PROVIDER

Video Guidance is a market-leading, independent provider of strategic visual communications, offering video conferencing, telepresence and audio/visual technologies and services.

Video Guidance provides solutions. Using the “best of breed” technologies, we enable organizations of all sizes to discover the unlimited applications that can help them communicate more effectively. From ROI analysis and network design, to application development, to training and support, Video Guidance is a one-stop visual communications partner.

- > Hosted “cloud-based” services
 - > Multi-point bridging / gateway services
 - > Conference “White Glove” support services
 - > Desktop & Mobile Services
- > Managed “on-premise” services
- > Room integration and optimization
- > Business enabling applications & resource scheduling
- > Digital media and webcasting services
- > Vertical market applications and solutions

Video Guidance features VG Connect™, an industry-unique integration of video conferencing tools that combines HD video, voice, multi-point bridging and gateway programs into one easy-to-use, cost-effective service. VG Connect’s array of bundled, cloud-based conferencing services takes the burden of owning, supporting and troubleshooting the technology off of our customers.

Founded in 1999, Video Guidance is privately held and headquartered in Bloomington, MN. Video Guidance is an independent partner of Cisco, Polycom and LifeSize. Other strategic alliances include Conference Plus, On Stream Media Corporation, VQ Communications, VBrick, and Accordent. For five consecutive years, Video Guidance has been named to the “Inc. 5,000” list of the nation’s fastest growing private companies; and has been named by The Business Journal as one of the “50 Fastest Growing Privately Held Companies” in the Twin Cities.

Imagine the Possibilities from Fortune 100 boardrooms to smaller businesses, from hospitals to clinics, and from college to corporate classrooms, Video Guidance can help you communicate strategically, productively and creatively
